

Al-Orjowan 5060

Product Description:

Type:

A high-quality, matte, acrylic-based emulsion paint for interiors & exteriors. Made from superior materials, it offers exceptional hiding power, bright white finish, smooth texture, along with washability and weather resistance.

Usage:

It is used to prepare exterior surfaces, both new and old, such as brick, concrete, cementitious surfaces, and gypsum boards.

Key Features:

1. Elegant smooth matt finish
2. Excellent adhesion to properly prepared substrates
3. Superior weather resistance
4. Excellent UV resistance
5. Outstanding color retention
6. Washable and easy to clean
7. Breathable coating system
8. Anti-fungal and anti-mildew properties
9. Low odor and environmentally friendly

Application Method:

Ensure that the surface is clean, dry, sound, and free from dust, grease, loose particles, and any contaminants. Repair all cracks and imperfections and apply one coat of acrylic sealer if required. Stir the paint thoroughly before use and dilute with clean water by 5–10% for brush or roller application, and 10–15% for airless spray application. Apply two even coats, allowing 2–4 hours between coats. For highly porous surfaces or deep colours, an additional coat may be required. Apply only when the ambient temperature is between 10°C and 40°C and the relative humidity is below 85%. Avoid application during rain, fog, or strong winds.
